EDUCATION

COMSATS University Islamabad September 2022 – Expected Graduation: June 2026
Bachelor of Science in Software Engineering *Islamabad, Pakistan*
CGPA: 3.85/4.0

Relevant Coursework: Artificial Intelligence, Software Quality Engineering, Object Oriented Programming, Data Structures, Software Engineering, Database Systems, Software Requirement Engineering, Computer Networks, Principles of Operating Systems, Web Technologies

EXPERIENCE

Frontend Intern June 2024 – Aug 2024
Bytewise Fellowship Program *Remote*
- Built responsive front-end interfaces using HTML, CSS, JS, Tailwind, and React.
- Developed a Sadapay clone and Netflix clone focusing on UI replication and user experience.
- Created responsive layouts with Tailwind CSS for mobile and desktop devices.

Web Development Intern July 2024 – Sep 2024
Techinc Mentors *On-site*
- Focused on front-end development for a student portal using React.
- Added features like course enrollment and student profile management.
- Optimized UI components for better performance and mobile responsiveness.

PROJECTS

NoteBox | *React, MongoDB, Express, Node, Git, Bootstrap, RESTAPI, JWT auth* July 2024 – Aug 2024
- Built a task management app using the MERN stack, allowing users to create, manage, and organize tasks.
- Implemented secure authentication with JWT for user login and session management.
- Styled the app using Bootstrap to ensure a responsive and mobile-friendly user interface.

TaxPal | *Tailwind CSS, Custom CSS* Aug 2024 – Aug 2024
- Created a simple tax calculation tool for personal finance management.
- Focused on responsive design using Tailwind CSS for clean and modern UI.
- Customized the design with custom CSS to improve the app's aesthetics and usability.

Recipe Master | *React, MongoDB, Express, Node, Git, Bootstrap, RESTAPI, JWT auth* July 2024 – Aug 2024
- Developed a full-stack recipe management app using the MERN stack, allowing users to explore and add recipes.
- Implemented user authentication and profile management with JWT to ensure security and personalization.
- Styled the interface with Bootstrap, ensuring a clean and responsive design for all devices.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL, MongoDB, JavaScript, HTML/CSS
Frameworks: React, Node.js, Bootstrap, Tailwind, WordPress, Express
Developer Tools: Git, Docker,Thonny, Visual Studio, PyCharm, IntelliJ

LEADERSHIP & ACHIEVEMENTS

Web Development Lead 2024
GDG on Campus COMSATS University
- Led web development initiatives and supported students in creating impactful projects.
- Collaborated with a team to organize COMPETE event, with over 200 students from multiple universities participating.
- Mentored peers in web technologies and contributed to the organization of a Web Bootcamp focusing on LLM workflows.

Aspire Leadership Program Fellow 2024
Aspire Leaders Program (Global Leadership Initiative)
- Demonstrated strong leadership skills by leading group discussions, organizing team activities, and driving collaborative efforts to achieve program goals, all while fostering a positive and inclusive environment.
